"Will Prove My Charges" Cox Declares

PREPARE TO
OPEN SLUSH
FUNDS QUIZ

Hearing to Begin Monday
on Report of Republi-
can "War Chest."

Dayton, Ohio, Aug. 24.—Governor Cox, Democratic presidential candidate, today gave out a statement declaring that he would "prove" his charges regarding the magnitude of Republican campaign funds. He stated that he would present his information in his address next Thursday night at Pittsburgh.

The statement of Governor Cox follows:
"Senator Harding denies my charge about the campaign fund which the senatorial oligarchy is raising. I am prepared to believe that he knows nothing about a lot of things that are going on around him. This reveals the very dangerous symptom which I have been discussing. In my Pittsburgh speech this week, I will advise the country as to matters of which the senator claims to be ignorant and I will prove my charges."

The governor made no reference to reports that he might be asked to appear before the senate campaign investigating committee. His presence has not been requested. It was said, and it was reiterated today that he had advised Senator Reed, Democratic Missouri, of the committee, that he would submit information in time for the committee's meeting next Monday.

Hearing Begins Monday.
Chicago, Aug. 24.—(By United Press.) Possibilities in the campaign of the campaign funds of the Republican and Democratic parties, ordered by the senatorial investigating committee, today held the interest of party leaders here. The hearing will begin next Monday.

It was declared on all sides that the probe is welcomed as the one means of settling charges against both parties of underwriting funds of unprecedented size.

Chairman Kenyon of the senate committee set at rest reports that both Senator Harding and Governor Cox would be subpoenaed by the committee.

Will Call Neither Candidate.
"We will call neither of the presidential candidates," he said. "Governor Cox was asked to aid us because he is reported to have stated that he had certain information about the Republican campaign fund. If he has, we will be glad to hear from him."

Senator Kenyon said he would remain in Chicago until he had word from Washington that all of the subpoenas ordered sent out had been issued.

The possibility of Franklin D. Roosevelt, Democratic vice presidential nominee, being asked to prepare statements attributed to him regarding the Republican campaign fund was also considered today.

Committee members declined to verify this report, but it was said that Roosevelt might be asked to give the committee information if statements credited to him were acknowledged.

Both Sides Confident.
Republican headquarters here were jubilant in predicting that the investigation of the party's financial affairs will result in complete vindication of the charges said to have been made by Governor Cox that a \$15,000,000 campaign fund had been raised.

Democratic headquarters were equally as optimistic that their party will give a clean bill of health by the committee.

They Will Do Quizzing.
The senate committee which will investigate charges that "slush" funds are being raised for the campaign is composed of five members, including three Republicans. At present Senator Walter E. Edge, New Jersey, Republican, is in Europe, which leaves both parties equally represented on the committee.

Following is the personnel and politics of the committee:
Senator William Squire Kenyon, Iowa, chairman, lawyer and a Republican.
Senator Walter Evans Edge, New Jersey, Republican and newspaper publisher.
Senator Selden Palmer Spencer, Missouri, Republican, college professor.
Senator James A. Reed, Missouri, Democrat and a lawyer.
Senator Alton Pomeroy, Ohio, Democrat and a lawyer.

ZAMORA FREES
SIX YANKS; 300
WOMEN HELD?

Mexican Troops Hot On
Trail of Bandit Hold-
ing Prisoners.

Mexico City, Aug. 23.—Pedro Zamora, bandit chief, whose men carried off several American and British subjects from the town of Cuale, state of Jalisco, on Aug. 20, is being closely pursued by government troops, said General Eduardo C. Garcia, chief of staff at the war department, tonight. He added the bandit's followers were rapidly deserting and that by the end of the month not more than 15 or 20 would remain of the band.

Six Americans who were held by Zamora have been released but there are several more still in his hands and at least two British subjects are being held for ransom.

Has 300 Women.
Cuale, where the victims of the raid were captured, is a small mining town, and is the location of the LaUnion Mining operations, which are operated by the LaEsperanza Mining company of El Oro, state of Mexico. Information relative to the outrage has been coming from Cuale by the way of that company's offices. These reports have been contradictory, but information received from this source and elsewhere would seem to indicate that upwards of 300 women are captives of the outlaws.

Friends of the American and British captives, knowing Zamora's reputation for ruthlessness, fear he may kill his prisoners if he is closely pressed. They have been raising money with which to ransom the captives.

Captured Girls End Lives.
After Carranza's death, Zamora made some sort of promise that he would return to a peaceful life, but on Aug. 11 he attacked the town of Autlan, looted the place and carried off a large number of captives. Upwards of a score of young women who were captured during the raid killed themselves rather than face the fate before them as prisoners of the bandits, it is declared.

Will Be Shot on Sight.
W. B. Johnson, a subject of Great Britain, was captured there and was carried by the bandits on their trip northward toward Cuale, where the second outrage occurred on Aug. 20. After the Autlan incident the government sent troops in pursuit of Zamora, with orders to exterminate the band.

It also declared Zamora an outlaw, which gives anyone the right to shoot him on sight.

Withdrawn at Once.

Lucerne, Switzerland, Aug. 24.—(United Press.)—Great Britain and Italy, in demanding that the Russians modify their armistice proposals to the Poles, have sent a peremptory message to the bolsheviks, requiring withdrawal of the objectionable clauses before the end of the week.

Disclosure of the dispatch of this message was made by Premier Lloyd George in an interview today.

Paris, Aug. 24.—The French foreign office announced today that the government regarded the new attitude taken by Premier Lloyd George and Poland as due entirely to the American note to the premiers.

The premiers' attitude was expressed in the note they sent France from Lucerne yesterday, in which they stated they were in accord with the United States and France that Poland would endanger her independence if she accepted the soviet terms.

COX CHARGE
TURNS EYES
UPON PROBE

Interest in G. O. P. Fund
Threatens to Change
Whole Campaign.

BY DAVID LAWRENCE.
(Special to The Argus.)

Washington, Aug. 24.—Charges by Governor Cox of the intention to gather a \$15,000,000 Republican campaign fund may shift the issues and alter the entire face of the campaign. Should the Democratic nominee fail to prove these charges, they will be a boomerang against him. On the other hand, should he be able to present convincing evidence of a Republican financial scheme of such stupendous proportions, the incident is fully expected here to be the sensation of the campaign.

Curiosity, of course, has been raised here to the breaking point over the proofs that Governor Cox must have to back up his charges but administration officials do not seem to be in on the secret. The extent of their information appears to be in connection only with the book known as "Republicanism in 1920," which is being published by William Barnes through his newspaper plant, the Albany (New York) Journal, subscriptions to which ranged far above the \$1,000 limit for campaign subscriptions set by the Republican managers.

The national Republican committee has denied official connection with the book, although Senator Harding and others have endorsed the doctrines and the enterprise.

Demos. Want to Know.
As a matter of fact, there is nothing illegal about the issuance of the book. The Democrats, however, want to know if that is the way the Republicans are to issue their usual campaign text book.

STATE WILL BE
FORCED TO PAY
NEW RAIL RATE

Court Gags Illinois 2-Cent
Law and U. S. Order
High Fare.

Chicago, Aug. 24.—An injunction restraining the Illinois public utilities commission from enforcing the state law which fixes an intra-state fare of two cents a mile after Sept. 1, was issued today by Federal Judges Baker, Geiger and English.

The action followed an appeal by the railroads against the decision of the utilities commission to hold the roads to the two-cent fare despite federal action allowing a charge of 3.6 cents per mile.

The injunction will be effective until the hearing on the appeal is concluded. The hearing has been continued indefinitely.

Orders New Rates Started.
Washington, Aug. 24.—Exercising the authority over intra-state rates granted it by the transportation act, the interstate commerce commissioner today ordered hearings at Chicago, Sept. 8, on the application of Illinois railroads to increase their intra-state freight and passenger rates in conformity with the increases in interstate rates recently allowed by the commission.

The Illinois state commission refused to grant the 20 per cent increase in passenger rates asked by the roads and allowed an advance of only 33.3 per cent in freight rates as against the 40 per cent requested. The commission is expected to intervene in other states where the applications of the roads have been refused.

The railroads represented to the federal commission that the action of the Illinois rate-making body would result in discrimination in rates in Illinois.

Increases All Rates.
In applying to the federal commission for the original increases in freight, passenger, Pullman, excess baggage and milk rates, the roads predicated their case upon corresponding advances in intra-state rates and it had been announced that if the state commissions refused to grant corresponding advances, the federal body would be asked to exercise its authority under the transportation act.

PALMER ORDERS COAL PROBE.
Washington, Aug. 24.—Attorney General Palmer instructed United States attorneys to investigate alleged combinations and conspiracies among dealers to increase coal prices.

HARDING WITH
ACTORS LIKENS
U. S. TO STAGE

Nominee Says There is
Too Much of "Starring"
in Both.

Marion, Ohio, Aug. 24.—The Harding took the old front porch rocking chair into the house today and welcomed a host of jazz kings, shimmy artists, vamps and other varieties of stage and movie stars who came to call on the Republican presidential candidate today. They are members of the Harding-Coolidge theatrical league.

On the same train with Al Johnson, Valeska Suratt, Evelyn Nesbit and the rest of the actor troupe, came Charles Evans Hughes, Republican presidential candidate in 1916, to a conference with Harding. A plea that the nation get away from "one-lead" activities so that each citizen can play his part in the development of American democracy, was made here today by Senator Harding in an address to a delegation of actors and actresses, representing the Harding and Coolidge Theatrical league.

He's Not "So Universal."
The senator also spoke for Americanism, and deprecated any tendency of Americans to regard themselves as "citizens of the world," adding that he personally, was "not so universal."

The visit of the delegation occupied the better part of the nominee's day but during the morning he held a long conference with Charles Evans Hughes, on various issues and policies of the campaign.

Colonel George Harvey, the New York editor, was present at the conference.

Government Like Stage.
In his speech to the theatrical delegation, Senator Harding declared the standards of the American stage should be the highest in the world.

"I have been thinking lately," he continued, "that there is a great likeness between political life under popular government and many of our most successful productions on the stage. There are many plays especially written for notable actors and their presentation has depended largely on the work of portraying one genius.

There is, of course, a fascination in the one-lead drama, but it makes the spectator very much dependent upon one individual. I think it is a very practical thing to suggest that our American popular government ought not to be a one-lead drama of modern civilization. I want to commend the policy of each and every one having his part to play, and we all must play with enthusiasm in order to perfect the whole production."

BELFAST RIOTS
BREAK OUT A NEW

Belfast, Aug. 24.—Rioting was renewed here last night, the most menacing disorder being a collision between the unionists and Sinn Feiners in Ballymacarrett, on the east side of the river Lagan. Shortly after 8 o'clock the opposing crowds met in Blyson street and Kilmore street, where there was shooting and stone throwing. The police dispersed the rioters by a baton charge.

Lisburn, Ireland, Aug. 24.—The burning of nationalist property here continued until after last midnight. Among the buildings destroyed was the Catholic parochial hall. Virtually all nationalists have left town in face of loyalist reprisals for the murder of Police Inspector Swamy Sunday. As the reprisals proceeded last night every house still occupied, save one, flew the Union Jack.

Last night's burnings and looting of nationalist property by loyalists in reprisal for the murder of Police Inspector Swamy on Sunday were the worst Lisburn has experienced.

Some twenty premises were in ruins today and the damage was estimated at 500,000 pounds sterling. Appeals have been issued to the people to remain off the streets at night.

LAUNCH DRIVE
ON PROFITEER

Chicago, Aug. 24.—(United Press.)—A nation wide investigation of profiteering has been ordered by Attorney General Palmer, according to a statement here today by Charles F. Clynne, United States attorney for the Chicago district. Clynne declared department of justice agents have secretly been gathering data on profiteering for several weeks and that as a result of the information Palmer has sent instructions to every United States attorney in the country to start an investigation.

COURT SETS
9-CENT FARE
ON IOWA SIDE

Street Railway Company
Gains Temporary Boost
Pending Hearing.

Judge A. J. House in the district court in Davenport this morning raised the ante for the street car company and Iowa patrons of the Tri-City Railway company will have to dig even deeper than the Illinois side is doing at present.

The judge ruled in favor of an 8 1/2 cent fare by writing this figure into the injunction which exists to prevent the city council from enforcing a return to a 5 cent fare. This new fare is in effect immediately and will stand until the final hearing for permanent injunction takes place in September. The company asked a fare of 10 cents, corresponding with the rate desired on the Illinois side, and for which a petition is now in the hands of the public utilities commission.

Naturally, the one-half cent figure presented several confusing problems. Judge House intended that it should be two fares for 17 cents. Inasmuch as it often happens persons ride singly on street cars, it was admitted that the one-half cent rate would have to be dispensed with.

Single Fare 9 Cents.
With each 9-cent fare charged, the company is required to give the passenger a receipt. If on final hearing a lower rate is established, the passengers will be entitled to a rebate.

A conference of attorneys, court and street railway officials followed. As is generally the case, where one-half cent is asked, a full cent is collected. Therefore, it was agreed that a charge of 9 cents in cash should be made for each and every person boarding a street car. To get a cheaper rate, the individual will be permitted to purchase tickets for 25 cents. Children will be transported for the nominal sum of 5 cents.

To avoid conflict with the 8-cent fare in force on the Illinois side, it was further agreed that commutation tickets for use on the bridge line will be sold for 8 cents. In the meantime the company will continue its plea for a 10-cent rate on both sides of the river.

FIND RATS COST
EVERYBODY JUST
ONE CENT DAILY

Washington, Aug. 24.—Standard plans for rat-proofing business buildings, dwellings and warehouses are being drawn by the public health service as part of its campaign to stamp out bubonic plague. The plans are to be furnished to states and cities for incorporation in building codes.

"According to authoritative estimates, there is one rat for every person in the United States. To maintain this huge number of rats costs the people of this country approximately one cent per person every day for rat food."

GIRL OF 17 IS
SPIRITED AWAY
IN AUTOMOBILE

Miss Lillian Truesdale of
Davenport Inveigled
Into Machine.

Miss Lillian Truesdale, pretty 17-year-old Davenport girl, has disappeared and the police of the tricity and surrounding territory are conducting a feverish search for her abductor.

The mystery is one of the most baffling ever presented to local police. The girl is reported to have gotten in an automobile late yesterday afternoon for the purpose of directing the driver, described as a man of about 30 years, to a Davenport hotel. That is the last that has been heard of her whereabouts.

Miss Truesdale lives at 216 East Eighteenth street. She left her home to go to the grocery conducted by her mother at the corner of Locust and Iowa streets, about one block distant from the home. She had stopped to talk with some children who were playing in front of the store when a man in a large touring car drove up to the curb, ostensibly in quest of information about the city. He engaged the young woman in a conversation on the pretext that he was looking for a hotel. Miss Truesdale was seated in an apron, according to the mother who said she noticed the two conversing, but thought the man an acquaintance of her daughter's.

Asks Way to Hotel.
As told by the children the autoist asked to be directed to a hotel in the city, saying that he was touring from California to Indiana and was a total stranger to Davenport. Miss Truesdale is said to have mentioned the Blackhawk, upon which the man is reported to have asked if it was an expensive hotel and to have volunteered that he desired to stay at a medium priced establishment. The girl then mentioned the Dempsey hotel.

Apparently without question of the motorist's possible intentions, Miss Truesdale got in beside him, calling to her mother that she would return in about 10 or 15 minutes. That is the last that has been seen or heard of the young woman.

When midnight had arrived Mrs. H. W. Truesdale, the mother, informed the police. No sign of the man, girl or machine could be uncovered in the city.

The automobile was a large one with white wire wheels and the tonneau heavily loaded with luggage of a tourist nature.

DEATH OF POLICE
IN CHICAGO CAFE
BARES NEW ANGLE

Chicago, Aug. 25.—(United Press.)—Chicago awaited today further revelations of its own night life, given prominence in the murder of two policemen in a "black and tan" resort here.

The first day of investigation following the killing resulted in alleged confessions from Hersche Miller, former municipal court bailiff, that he fired the shots which killed Detective Sergeants William Hennessy and James Mulcahy. It also resulted in the holding of a score of witnesses to the shooting. The character of the crowd in the cafe where the shooting occurred late Sunday night was shown by the list of those held by the police. They included whites and negroes, former office holders and negro dancers, including one woman enjoying the title of "The Black Salome."

The state's attorney's office, following vague tips, tried today to link the killings with the dealer of a whisky trust, reputed to be supplying seven cafes in Chicago's underworld.

Miller, who police said admitted killing the two men, asserted it was in self-defense.

MAN CAUGHT IN
MACHINE; DIES

Springfield, Ill., Aug. 24.—Caught by his clothing and dragged into the hoisting machinery at the pit of the elevator shaft, M. M. Spengler, manager of the Bolivia Farmers' Grain Elevator company at Bolivia, near here, was instantly killed yesterday afternoon. He had been helping an employe adjust the belt. His body was hurled around by the wheels, striking his head against concrete ledges and the floor.

The accident has cast a pall of sadness over the entire community. Mr. Spengler was president of the Mt. Auburn township school board and had served two terms in Christian county as supervisor from Mt. Auburn township. He is survived by his wife and two sons.

Governor Certifies Ratification—Injunction
Held Vacated.

Nashville, Tenn., Aug. 24.—Frank M. Thompson, attorney general of Tennessee, announced today that Governor A. H. Roberts at 10:20 o'clock this morning certified Tennessee's ratification of the suffrage amendment, sending the certification to Secretary of State Colby by mail.

The announcement was made after Chief Justice Landen of the state supreme court, on petition of the attorney general, had granted a writ of certiorari and supersedeas, virtually taking proceedings in the injunction case brought to prevent certification out of the hands of Judge Langford, in the county chancery court. Justice Landen ordered all records in the case before the supreme court for review.

Agreed to Review.
Chief Justice Landen of the state supreme court had agreed earlier today to review proceedings in the chancery court, which issued a temporary injunction preventing certification to Washington of ratification by the legislature of the federal suffrage amendment.

Suffragist and anti-suffragist leaders today were preparing arguments which they will present at the hearing on the temporary writ of injunction issued by Judge Langford.

No date has been fixed for the hearing, but it was believed in some quarters it would be held tomorrow or Thursday.

Held Injunction Vacated.
Attorney General Thompson declared the action of Justice Landen vacated the injunction granted by the lower court, and it was on this express opinion that the governor certified ratification to Washington.

Argument by the attorney general on his motion that the supreme court take jurisdiction was made before Justice Landen last night at the justice's home. Opponents of ratification charge that the proceedings violate the rules of the supreme court not notified that the hearing was to be held.

Their New Demands.

London, Aug. 24.—Members of the British Miners' federation began today to ballot on the project of calling a strike to enforce their organization's demand for an advance in wages and a reduction of the price of coal. The voting will continue all week. It is forecast by London newspapers, however, that the miners will vote overwhelmingly in favor of striking unless their demands are granted.

The government has so far refused to consider the miners' demand.

Paris, Aug. 24.—Hugh Gibson, United States minister to Poland, arrived here last night from the United States. He will remain in Paris a day or two and then proceed to Warsaw.

Warsaw Reports Capture
of Town 60 to 75 Miles
From Capital.

Warsaw, Aug. 24.—The capture of Przasnysz, 60 miles north of Warsaw and Mlava on the Polish frontier, 75 miles northwest of the capital, is reported in the Polish official statement issued last night. The bulk of the 4th soviet army and the entire 3rd cavalry corps have been surrounded by the Poles, the statement says.

London, Aug. 24.—Official dispatches from Warsaw say the Poles have captured 63,000 prisoners, 200 guns and 1,000 machine guns.

Retreat on Whole Front.
London, Aug. 24.—(United Press.)—The Russian northern army has opened negotiations for surrender, according to a report from Vienna today. The dispatch, which was unconfirmed, said the bolshevik had sent a messenger to General Sidorov to arrange terms of capitulation.

The bolsheviks are now retreating along the entire 500-mile battle front in Poland, according to unofficial dispatches from Warsaw this afternoon.

General Budenny, whose cavalry had threatened Lemberg for more than a week, has joined in the general retreat, it was said.

Only seven partially effective bolshevik divisions remain within ethnographic Poland. Six entire bolshevik divisions have been destroyed and eight others greatly shattered. The Russian debacle appears to be complete.

President Pilsudski's army has continued its rapid progress northeast of Warsaw and is nearing the line of Ostroleka-Lomza-Bielostok.

Eight Divisions Wiped Out.
Paris, Aug. 24.—(United Press.)—Eight bolshevik divisions have been completely annihilated and eight others reduced by half, according to unofficial advices from Warsaw today.

The Polish victory is growing. Prisoners already counted total more than 40,000 and more than 200 guns have been captured. Only the fourth and fourteenth Russian armies are still able to afford real resistance, it was reported.

(The fourth army is fighting in the Lomza region and the fourteenth on the southern front.)

The Poles have completely surrounded the bolshevik fourth army and the third cavalry corps, according to advices to the French foreign office today.

The Polish army north of Warsaw has completely crushed the bolshevik fifteenth army and occupied Przasnysz (55 miles north of Warsaw).

"The number of prisoners is increasing. The Polish 18th infantry alone having taken 50,000," the statement said.

Reds Completely Crushed.
London, Aug. 24.—(United Press.)—The Russian defeat in Poland is so complete and overwhelming that there is no possibility of the bolsheviks reforming their shattered armies on Polish territory, press dispatches declared today.

The prediction was made that all red troops would be ejected from the occupied areas before the end of the week.

Bolshevik prisoners taken to date total more than ninety thousand, according to unofficial advices. Sixty thousand of these were taken in the Warsaw area and the remainder in the Danzig corridor.

In addition to the great numbers of prisoners and huge stores of materials taken, the Poles have forced 10,000 bolsheviks to take refuge in East Prussia, where they will be interned.
